

PANADUR AT WORK

WALL AND CEILING COATING

Bochum, Germany

PANADUR Aroqual S
PANADUR Hardener Aroqual S

**CERTIFIED
QUALITY**

**QUICKLY
PROCESSABLE**

SOLVENT-FREE

Project Description

Walls and ceiling in a large scale bakery should be coated with a fast drying seamless coating. Due to the legal regulations the material has to be certified for the indirect contact with food.

System Requirements

The used material has to be suitable and approved for indirect contact with food. The coated surface has to be easily cleanable and impermeable. The material used has to be solvent-free.

Approach PANADUR

PANADUR Aroqual S is the best choice for this project due to its certified applicability for the indirect contact with food.

Overview

Company: Organic Backery Backboard, Bochum
Coater: Firma Troeger
Surface: 400 m²
Completion Project: 2015
Sector: Food Industry

PANADUR Advantages
